

Large Units – Small Business/House Hold Units

Uninterrupted PV Power System

Model#	Picture	Components	Desc.
SAP1500Z-DV		Solar panel	4*250W/36V, Poly
		Power box	Metal power box: L630*W545*H555mm Built-in 12V 400Ah lead acid battery & 1* 24V 30A controller & 1500W pure sine wave inverter
		Solar rack	on ground or roof
		Solar cable	120M(based on 20m install distance)
		Solar connector	MC4: 6 pairs T-connector: 2 pairs
Charging time			
3.5 hours by solar panel (under efficiency sunlight)			

Model#	Picture	Components	Desc.
SAP3000Z-DV		Solar panel	8*250W/36V, Poly
		Power box	Metal power box: L630*W545*H835mm Built-in 12V 800Ah lead acid battery & 2*48V 30A controller & 5000W pure sine wave inverter
		Solar rack	on ground or roof
		Solar cable	120M(based on 20m install distance)
		Solar connector	MC4: 6 pairs T-connector: 2 pairs
Charging time			
3.5 hours by solar panel (under efficiency sunlight)			

Model#	Picture	Components	Desc.
SAP5000Z-DV		Solar panel	12*250W/36V, poly with solar bracket, solar cables
		Power box	Metal power box: L730*W690*H1115mm Built-in 12V 1200Ah lead acid battery & 3*48V 30A controller & 3000W pure sine wave inverter
		Solar rack	on ground or roof
		Solar cable	150M(based on 20m install distance)
		Solar connector	MC4: 9 pairs T-connector: 3 pairs
Charging time			
3.5 hours by solar panel (under efficiency sunlight)
