

SolarVizion - Medium Units – Mini House Hold Units

Model#	Picture	Components	Desc.
SAP150FV		Solar panel	50W/18V, Poly with 5m cable, without solar bracket
		Power box	Metal power box: L375*W150*H320mm Built-in 12V 33Ah lead acid battery & 12V 5A controller & 150W modified sine wave inverter
		Accessories	3 x 3W LED lights (aluminum cup)
			3 x 10m light cables
			1 x USB charger for mobile phone (10 adapters)
Charging time			
5.5 hours by solar panel (under efficiency sunlight)			

Model#	Picture	Components	Desc.
SAP300ZV		Solar panel	2*50W/18V, Poly with 5m cable, with Solar bracket
		Power box	Metal power box: L375*W150*H320mm Built-in 12V 33Ah lead acid battery & 12V 5A controller & 300W pure sine wave inverter
		Accessories	3 x 3W LED lights (aluminum cup)
			3 x 10m light cables
			1 x USB charger for mobile phone (10 adapters)
Charging time			
3 hours by solar panel (under efficiency sunlight)

SAP500ZV		Solar panel	2*50W/18V, Poly with 5m cable, with solar bracket
		Power box	Metal power box: L375*W150*H320mm Built-in 12V 50Ah lithium battery & 12V 5A controller & 500W pure sine wave inverter
		Accessories	3 x 3W LED lights (aluminum cup)
			3 x 10m light cables
			1 x USB charger for mobile phone (10 adapters)
Charging time			
4.5 hours by solar panel (under efficiency sunlight)			

SolarVizion - Medium Units – Mini House Hold Units

Model#	Picture	Components	Desc.
SAP500Z/AV		Solar panel	200W, poly with 8m cable, without solar bracket
		Power box	Metal power box: L575*W255*H490mm Built-in 12V 120Ah lead acid battery & 12V 20A controller & 500W pure sine wave inverter
		Accessories	2 x 3W LED lights (aluminum cup)
			2 x 10m light cables
		1 x USB charger for mobile phone (10 adapters)	
		Charging time	
5 hours by solar panel			

Model#	Picture	Components	Desc.
SAP800ZV		Solar panel	200W, poly with 8m cable, without solar bracket
		Power box	Metal power box: L575*W255*H490mm Built-in 12V 70Ah lead acid battery & 24V 20A controller & 800W pure sine wave inverter
		Accessories	2 x 3W LED lights (aluminum cup)
			2 x 10m light cables
		1 x USB charger for mobile phone (10 adapters)	
		Charging time	
4.5 hours by solar panel (under efficiency sunlight)
